2006 INTERNATIONAL INDOOR POSTAL CONTEST MINISTICK AND A-6

Once again we wish to thank all the competitors that have participated in this International Postal Contest. With entries from Japan, Italy and of course the USA, we feel that we have accomplished the goals established by Tom Vallee some 12 years ago. We always want to have more entries and we eagerly look forward to next year. We also want to thank Akihiro Danjo for his help with all the Japanese flyers and in the same breath thank Carlo Pesciolini for his work with the Italian entries. It is modelers like these two gentlemen that make our sport the wonderful hobby that it is. The Brainbuster will again host this contest next year and we look forward to working and flying with modelers all over the world. Again, Thank you all!!!
